

God's Holy Days 2023

and their relationship to the Lunar Month

<u>Event</u>	<u>Roman Date</u>	<u>Lunar Month Date</u>
First Day of Sacred Year (1 Nisan 5783 Jewish Calendar)	March 23	Day 2 of the lunar month (Postponed 1 day this year for Jewish religious tradition)
Passover	April 5	Day 15 of the lunar month (Postponed 1 day this year for Jewish religious tradition)
Days of Unleavened Bread	April 6-12	Days 16-22 of the lunar month (Postponed 1 day this year for Jewish religious tradition)
Pentecost	May 28	Not based on Jewish Calendar method
Feast of Trumpets (1 Tishrei 5784 Jewish Calendar)	September 16	Day 2 of the lunar month (Postponed 1 day this year for Jewish religious tradition)
Day of Atonement	September 25	Day 11 of the lunar month (Postponed 1 day this year for Jewish religious tradition)
Feast of Tabernacles	September 30-Oct 6	Days 16-22 of the lunar month (Postponed 1 day this year for Jewish religious tradition)
Last Great Day	October 7	Day 23 of the lunar month (Postponed 1 day this year for Jewish religious tradition)

The above dates are in accordance with the teachings of Mr Herbert W Armstrong, viz the Jewish calendar authorized by the Sanhedrin in 359CE is used to provide the start of a month, not the time of the conjunction of the New Moon. The inherent Jewish postponements of Holy Days, which Rabbis have inserted to move Holy Days to more convenient dates when the original dates would have clashed with Jewish customs, are accepted as divinely inspired. However Mr Armstrong rejected the Jewish teaching for determining Pentecost and used his own.

Jewish year 5783 is year 7 of the endlessly repeating 19 year Metonic cycle.
Jewish year 5784 is year 8 of the endlessly repeating 19 year Metonic cycle.
