God's Holy Days 2030
and their relationship to the Lunar Month

__Event__	__Roman Date__	__Lunar Month Date__
First Day of Sacred Year (1 Nisan 5790 Jewish Calendar)	April 4	Day 2 of the lunar month (Postponed 1 day this year for Jewish religious tradition)
Passover	April 17	Day 15 of the lunar month (Postponed 1 day this year for Jewish religious tradition)
Days of Unleavened Bread	April 18-24	Days 16-22 of the lunar month (Postponed 1 day this year for Jewish religious tradition)
Pentecost	June 9	Not based on Jewish Calendar method
Feast of Trumpets (1 Tishrei 5791 Jewish Calendar)	September 28	Day 2 of the lunar month (Postponed 1 day this year for Jewish religious tradition)
Day of Atonement	October 7	Day 11 of the lunar month (Postponed 1 day this year for Jewish religious tradition)
Feast of Tabernacles	October 12–18	Days 16-22 of the lunar month (Postponed 1 day this year for Jewish religious tradition)
Last Great Day	October 19	Day 23 of the lunar month (Postponed 1 day this year for Jewish religious tradition)

The above dates are in accordance with the teachings of Mr Herbert W Armstrong, viz the Jewish calendar authorized by the Sanhedrin in 359CE is used to provide the start of a month, not the time of the conjunction of the New Moon. The inherent Jewish postponements of Holy Days, which Rabbis have inserted to move Holy Days to more convenient dates when the original dates would have clashed with Jewish customs, are accepted as divinely inspired. However Mr Armstrong rejected the Jewish teaching for determining Pentecost and used his own.

Jewish year 5790 is year 14 of the endlessly repeating 19 year Metonic cycle.
Jewish year 5791 is year 15 of the endlessly repeating 19 year Metonic cycle.
